

Royal Alexandra & Albert School
Junior Department Behaviour Policy

Booklet for Parents

INTRODUCTION

This booklet for parents and carers of children attending our school, is a summary of our whole school Policy, which is available from the Head of the Junior School for any parent to read.

We feel that good behaviour and discipline within the school are essential if children are to learn and teachers teach effectively. As a staff we work hard to ensure that we create a supportive and calm school environment in which the rights and responsibilities of everyone within the school community are understood, valued and upheld.

We are proud of the positive atmosphere and behaviour at the Royal Alexandra & Albert Junior School.

Our approach to behaviour and discipline is positive, believing that everyone within the school has:

- The right to respect from others.
- The right to learn and teach,
- The right to feel safe.

We feel that these rights are most likely to be achieved when there are clear rules and people understand their responsibilities.

How Can We Do This?

- We teach the children how to solve their own problems through discussion, so that they learn how to think things through and talk together until they agree.
- Through our support we help them develop the ability to take responsibility for their own actions, and to see the links between their own behaviour and the consequences of their actions.
- We speak assertively to disruptive pupils, using language that is decisive, firm and clear. We aim to approach discipline in a positive and consistent way.

Children are encouraged to offer their points of view and express their feelings within this framework.

Code of Conduct

Everyone in the school has the right to:

Equality of opportunities.

Mutual respect.

Be safe at school.

Learn and teach in an atmosphere which is supportive.

Adults and pupils are expected to be polite and thoughtful towards each other.

Staff and pupils have a collective responsibility for behaviour and discipline throughout the school.

Staff aim to demonstrate, through example, appropriate and sensitive behaviour at all times and in varying contexts so that the children can learn from them.

Teachers will discuss and negotiate rules of behaviour with their pupils at the beginning of each academic year.

These will be shared amongst staff and a list of whole school rules compiled and agreed throughout the school.

A series of procedures for defining and dealing with inappropriate pupil behaviour forms part of the Behaviour Policy.

Everyone in the school community has a responsibility to. . . .

- Ensure that our school is welcoming and a happy place to be.
- Move quietly and thoughtfully about the school and show an awareness of others around them.
- Be sensitive to the needs and feelings of others and to behave in ways which reflect this.
- Ensure that the environment is kept tidy and that resources and materials are respected and handled appropriately.

School Rules

- Everyone should feel safe at our school.
 - Be kind and thoughtful towards each other,
- Listen when someone is talking.
- Talk nicely and kindly to people.
- Help keep our school clean and tidy.
- Walk thoughtfully and carefully in the school.

Consequences of Inappropriate Behaviour

Our priority is to foster positive behaviour and encourage self-discipline, but there may be occasions when a child's behaviour infringes the rights of others. In such situations there are a series of procedures, which are followed.

When a child's behaviour in the classroom/playground, is becoming a problem, the member of staff responsible will speak with him/her. The intention of the conversation should be to create a caring environment and an opportunity to help the child reflect on his/her behaviour. If the situation persists and no improvement is forthcoming, the teacher should contact his/her parents or House parents and inform the Head of the Junior Department. This contact may be the beginning of a process, which will require permanent communication between members of the school community, not forgetting that this community includes parents.

The following 'formal' stages of the process must be marked by letters to all relevant persons concerned. The following stages should be observed:

Stage 1: Informal conversation with child. Parents or houseparents and the Head of the Junior Department informed by members of staff.

Stage 2: Child is sent to the Head of the Junior Department, warned of the consequences of their behaviour and put on White Report.

Stage 3: Child is sent to Head of the Junior Department. Sanctions are agreed with the child and they are placed on Yellow Report and, again, warned of the consequences of their behaviour.

Stage 4: Child is sent to the Head of the Junior Department. Sanctions are agreed with the child and they are placed on Red Report. At the end of each school day child should report to the Head of the Junior Department.

Stage 5: Child is Internally Excluded for a fixed period. At the end of each day during this period, work and Report card will be checked by the Head of the Junior Department. At the end of this stage the child is either moved to Stage 6 or back to Stage 3.

Stage 6: Child is excluded from school for a fixed period. On their return they are placed on Stage 4.

If after this process, no satisfactory improvement is observed, the child will receive further exclusions or permanent exclusion from school. In exceptional circumstances, levels may be 'jumped'.

POLICY ON BULLYING

Our Vision

We are committed to creating an ethos which will support a consistent approach to the promotion of good relationships within the school. We place a high value on caring and mutual respect between everyone in the school.

We recognise that the promotion of high esteem is important in enabling our pupils to achieve their potential.

We regard a consistent approach as essential and consider that any level of bullying is unacceptable and does not fit in with our vision.

What Is Bullying?

- It is a type of aggressive behaviour.
- It involves the physical/psychological abuse of others.
- It is intentional, premeditated and calculated.
- It sometimes exhibits itself in the form of racial or sexual harassment.
- It can involve repeated action over an extended period of time.
- The aggression is unprovoked.
- The bully is generally perceived by the victim to be stronger.
- The victim does not feel that he/she is in a position to retaliate at the time of the incident(s).
