Dear Parent/Carer,

**Re: Consent for COVID-19 vaccination**

The Immunisation team is using e-consent for our school-based immunisation programme to deliver COVID-19 vaccination.

Using e-consent is quicker and easier for you and can be completed on any platform i.e. mobile phone, tablet or computer. However in the event that this is not possible, please speak to the school office.

The COVID-19 vaccine is being given in school as a single dose to children aged 12-15 years.

Your child is due to receive the COVID-19 vaccination on **Thursday 30 September 2021**. You can find out further information about this vaccine at the following link:

<https://www.gov.uk/government/publications/covid-19-vaccination-resources-for-children-and-young-people>

**Please complete the e-consent form for your child's COVID-19 vaccination at:**

[www.surreyimmunisations.co.uk](http://www.surreyimmunisations.co.uk) (your school's unique code/URN number is **SR125279** which you will need to enter on to the COVID-19 consent form).

Please complete the e-consent form by **9am on 28 September** (when the website portal will close).

An automated email will be sent to you on completion of the e-consent form from Cinnamon Digital Applications (who host the website portal for us). If you do not receive this, please check in your junk email or contact the Immunisation Team.

If you have any concerns or would like to discuss this further, please email the above address.

**GDPR**

On the 25 May 2018 the new EU General Data Protection Regulation (GDPR) came into force bringing with it improvements to Data Protection Regulations. GDPR was enacted into UK Law by the UK Data Protection Act 2018. Under the GDPR organisations have a statutory responsibility to have a Legal Basis when gathering and processing certain data. More details on this and how your information rights are upheld are provided in our Privacy Notice, which can be viewed on our website at [www.childrenshealthsurrey.nhs.uk/about-us/privacy-policy](http://www.childrenshealthsurrey.nhs.uk/about-us/privacy-policy)

While we will continue to seek your explicit consent for the treatment of your child/children, your information will be processed under the following GDPR articles:

Article 6 (1) (e)

For the performance of a task carried out in the public interest or in the exercise of official authority.

Article 9(2)(h)

Necessary for the reasons of preventative or occupational medicine, for assessing the working capacity of the employee, medical diagnosis, the provision of health or social care or treatment or management of health or social care systems and services on the basis of Union or Member State law or a contract with a health professional.
